

Glacier Retreat Popocatépetl Volcano, Mexico

Patricia Julio-Miranda¹, Hugo Delgado-Granados¹ and Andreas Käab²

Glacial area at Popocatépetl Volcano in 1996, 1997, 1999 and 2000. The orthophoto corresponds to 1996. The glacier retreat was accelerated after the eruption started on December 1994. The glacierized- area maps for 1996 and 2000 (right) shows the areal extent.
